

Pittsfield on the Seabastcook by Sanger Mills Cook

INDEX

interim, March 12, 2005

Illustrations appear mostly in groups of unnumbered pages in this book. Numbers in this index in italic font indicate a page containing illustrations. These follow a numbered page and include a decimal point. For example, 40.2 indicates the second page following the page numbered 40 (and preceding page 41 where the text resumes).

Sanger Mills Cook's book Pittsfield on the Seabastcook was published in 1966 without an index. This index was generated by Tom Brown of the Pittsfield Historical Society with help from Don Hallenbeck.
